REQUEST

Due to current situation, we must limit capacity of our classes even during the first (trial) week of the season... Therefore, if you are unable to come to the booked class or you already know that you will not continue in the course (you just want to try one discounted class), let me know or cancel the class-reservation in our reservation system, so that other people, who are now registered as substitutes, may come to the class. Thank you. This relates mainly to the following classes: Hip-hop, K-pop, Dancehall, Twerk, Reggaeton for ladies, Contemporary dance, Ballet.

CURRENT MEASURES (COVID-19)

Do not come to the dance studio if you feel sick. Even in case of very moderate symptoms of cold or flu, please skip the class and stay home.

All the first classes (20.-26.9.) are going to be shortened for 15 minutes due to airing of dance rooms and administrative work (the first class of a course scheduled at 18:00-19:30 will finish at 19:15).

After entering the dance studio, it is necessary to prove one of the following at reception: negative antigen test not older than 3 days / negative PCR test not older than 7 days / min. 14 days after completed vaccination / max. 180 days after covid-19. You may have paper confirmation or confirmation in your cell phone. According to up-to-date government measures, the following tests are valid: confirmation of the test from sampling point, affidavit of the test performed at school, self-test performed on the spot at reception. You can bring your own self-test or buy a self-test at the reception for 100 CZK (swab from the mouth). It takes about 15 minutes to get result of the self-test - please come well in advance. The self-test is valid only for one entrance to the dance studio, not for the next 72 hours, so we recommend you to perform the test at any sampling point.

CLASSES DURING THE COURSE

The dance season covers first (trial) class for 50 CZK and following 15 classes. The course covers 15 consecutive classes running weekly at the same time at the same dance room. **The course is not meant as 15 free (open) classes within the dance school.** All classes run even during public and school holidays, except for Christmas when classes do not run for 2 weeks (20.12.2021-2.1.2022). Each course ends after 15 classes; therefore, end of the course is not fixed. In case of exceptional situation when one or more classes of the course are canceled (e.g. due to sickness of the teacher or government restrictions), the course is automatically extended for the number of canceled classes. We always inform you through email about classes to be canceled. **Extension of the course is not valid reason for cancellation of the course (course-fee refund).**
